LEADING THE WAY.

The rapid growth of peer support programming in our state is one of the most exciting things happening in Recovery based Behavioral Health Programming. This growth would not be possible without all of the wonderful consumers across Kentucky that have been leading the way! Please help us celebrate this recovery revolution at our annual **Kentucky Consumer Conference**.

We are so looking forward to seeing you this year for another awesome conference! It has been a great year with many exciting things happening. Peer Support Specialists are working in Community Mental Health Center Programs & Assertive Community Treatment Teams, Psychiatric Hospitals, Substance Use Recovery Programs, Consumer Operated Service Programs, and in other Behavioral Health Service Organizations. There is a great need for peers and Peer Specialists to assist our service providers and so many of us have begun to lead the way!

You are also invited to join us on Thursday, May 11th at 6:30pm for the **4th Annual Kentucky Peer Excellence Awards** to recognize and celebrate the truly inspiring consumers/peer specialists who are leading our state to a system that supports people in their recovery. . And bring your dancing shoes too, as we will be having a dance after the ceremony. Just make sure you let us know you will be coming.

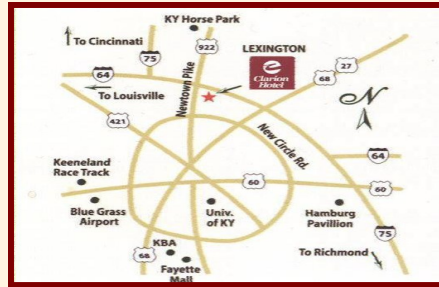

*Sarah Brumfield, APSS
Conference Chair*

Recovery is real! Millions of Americans are in recovery from mental health and substance use disorders and are living lives with purpose and meaning. Join us on Friday, May 12th to celebrate the reality of recovery!
