**Fayette County  
2014**

## **Acknowledgements**

The Community Directory of Social Services in Fayette County was initiated in response to the requests of pastors and pastoral staff, who are often called upon to assist parishioners in locating community resources. It is our hope that you will find it helpful in referring individuals and families to services that can address their needs. We encourage you to contact staff at the Catholic Charities office if you have questions or need assistance in making referrals. No questions you have are unimportant, so please feel free to call us at (859) 253-1993.

This guide was developed by the Catholic Charities Board Program Committee, chaired by Sandra Muenks. Contributing members were John Maher, Mary Brenzel, Mary Lynne Vickers, and Katherine Goetz. The Program Committee appreciates valuable input from the Parish Relationship Committee, chaired by Catherine Nalli. We also appreciate the support of Catholic Charities Staff, including Ruslyn Case-Compton, Director; Cindy Mitchell, Office Manager; and Annie Ormsbee, Bridging the Gap Coordinator. We are especially grateful to Susan Wojtal, who spent countless hours organizing and expanding the initial research done by the Program Committee. The Program Committee also wishes to thank Catholic Charities of Louisville for providing a template and resources for our guide.

## **Things to know if you are making a referral**

- 1) Know and understand the person's needs. Keep in mind that the presented problem may not be *the* problem.
- 2) Know what services are provided by an agency to the best of your ability. A volunteer could call the agency and confirm the information for you.
- 3) Find out the eligibility guidelines: This might be the job of a volunteer or secretary.
- 4) Make sure you have the person's approval.
- 5) Advise the person of what information you will be providing and assure the person of confidentiality.
- 6) Advise the agency of what services/support you or your parish will be providing.
- 7) As a professional, you should expect feedback, so at the same time of referral, make arrangements for a follow-up call.
- 8) Signed releases from the person may be required by the agency before they will give any follow-up information beyond confirming contact.

## **If you are seeking help: Key points to remember**

- ☑ Write down name and phone number for EVERYONE you talk to.
- ☑ Keep a file with information and different telephone numbers regarding each issue.
- ☑ When calling an agency that says they can't do exactly what you are looking for, ask them who you could call for such help.
- ☑ Be honest when asking for help and/or resources. Do not be afraid to ask for ALL you need. (ex. if asking for money for rent and rent is \$400, ask for the full amount).
- ☑ Keep calling. If you leave a message and haven't heard back in a day CALL AGAIN. It is important not to give up.
- ☑ Ask questions! If there is anything you are unclear about (procedures, requirements, eligibility, etc.) make sure you ask someone.
- ☑ If you are referred to an agency, ask what information you need to bring when you go to the agency.
